#### 0 = Unsatisfactory 1 = Poor 2 = Fair 3 = Good 4 = Excellent 5 = Outstanding

Unsatisfactory Non-conformances are jeopardizing the achievement of contract requirements, despite use of MCA Entity

resources. Recovery is not likely. If performance cannot be substantially corrected, it constitutes a

significant impediment in consideration for future awards containing similar requirements.

Overall compliance requires significant MCA Entity resources to ensure achievement of contract requirements.

Poor

Fair Overall compliance requires minor MCA Entity resources to ensure achievement of contract requirements.

Good There are no, or very minimal, quality problems, and the Contractor has met the contract requirements.

Excellent There are no quality issues, and the Contractor has substantially exceeded the contract performance

requirements without commensurate additional costs to the MCA Entity.

Outstanding The contractor has demonstrated an outstanding performance level that was significantly in excess of

anticipated achievements and is commendable as an example for others, so that it justifies adding a point to

the score. It is expected that this rating will be used in those rare circumstances where contractor

performance clearly exceeds the performance levels described as "Excellent".
